

Week 1 - Saviour  
Sunday 19th June 2011

## Welcome

## Lifegroup Notes

Tell of a time when you were either rescued from something or you rescued someone else (it may be funny or even embarrassing!)

## Worship

Read Psalm 103 together, ask each person to read a verse. At the end spend some time in prayer and singing thanking God for what He has done for us.

## Word

Tonight's theme is **Jesus our saviour**

- What do you think of when you think of the word saviour?
- In what ways has your view of salvation broadened over the years?
- Track through the Romans road mentioned on Sunday, go through each part and verse, what strikes you from this?

**Read Ephesians 2 v.1-10.**

- What inspires you from this passage?
- What challenges you?
- If 'salvation is being rescued from a life of disconnection from God,' what are some of the ways we can become disconnected from the life of God? What can we do to get reconnected again?

Spend some time in prayer for each other; does anyone need that reconnection again tonight?

## Works

Pray for people you know who need 'salvation.'
