APPETIZER

MAIN COURSE

Read John 2 verses 1-11

What does this say to you about God's idea of transformation?

Consider vs. 1, that Moses' first miracle was turning water into blood, how might the small details be significant?

Do we believe that super abundant transformation is fully possible in a fallen and broken world?

What might be the cost to us personally and as a nation to see this world transformed?

Watch the dvd and spend a few minutes each creating your own cardboard testimonies with pens and paper.

Pray together that God might continue to transform us and our world. Decide one thing that you could do as a lifegroup to take a step towards transforming your community.

DESSERT

There are great opportunities to invite other people to:

Carol Concert December 18th
