

Sunday 8th June – Lost And Found – Week 1 – Lifegroup Notes

Starting out

- What is the most valuable thing that you have ever lost?
- What emotions did you go through?
- What happened next?

Searching

- What impacted you most from the 'Lost' talk?

Read Genesis 3, verses 1 to 13 ...

- What do you think was lost between God and humans?
- How does this show itself in our society and culture?
- How does this show itself personally in our lives?

Read Luke 19, verses 1 to 10 ...

- What do we learn about being lost and being found?
- What do we learn about Jesus and his mission?
- What was your experience of being found by Jesus?

Even though as Christians we have been found, there can still be areas in our lives where we know that something has been lost. It could be that we have lost hope, lost heart, lost confidence or lost direction. Talk about this and give people an opportunity to be open, then encourage and pray for them, that what was lost would be found!

Finding

Is there anybody you know who, when it comes to knowing Jesus, is lost? Get everyone to commit to praying for that person this week and next and, if possible, give themselves an opportunity to spend some time with them.

Coming home

Quietly and individually read through Psalm 34. Then have a time of prayer where everyone selects a single verse that spoke to them and reads it out as part of what they pray.
