

Welcome

What's been the scariest place you've ever visited, journey you've been on, house you've stayed in etc?

Word

Read Psalm 23 v.4 (Recap on the background and context that was spoken about on Sunday)

What kind of experiences in life can be likened to the 'valley of the shadow of death'?

How does the shepherd change how he leads the sheep through the valley?

How have you experienced this in your own life?

What can we learn in the valley that we can't learn anywhere else?

Read Luke 22 v. 39-44

What does this show us about how Jesus went through his own valley experience?

What questions do you have when you're in your own valley experience?

How can we help each other as we pass through our valley experiences?

What part should community play?

Worship

Invite people to reflect on their own experience and read out what was read on Sunday. Then use it to invite people to identify which phrase speaks to them.

Spend some time praying for each other.

Take His Hand - even though it means letting go of what you are holding on to

Please His heart - even though it may not please others.

Wait for His time - even though your desire is to get it done now.

Obey His Word - even though you hear something different that is popular.

Follow His path - even though you see a valley ahead.

Trust His Wisdom - even though you want to do it differently.

Give Him praise - even though you are going through something unpleasant.

Be at rest - even though you have reason to worry or fear.

By Roy Lessin

Works

There is still much to do practically on site after the fire. Please share the dates with the group for prayer and practical help.

Prayer Gatherings (7-8PM) on Sunday 27th Sept, Wednesday 30th Sept and Monday 5th Oct

Volunteering Saturday mornings (9.30-12AM) October 3rd, 10th, 17th, 24th.
