

Lifegroup Notes

Week 4 – ‘Awakening to Life’ Sunday 28th January

Welcome - Describe a moment when you felt fully alive, when life was flowing through you, maybe the last moment you can remember when this happened....

Word - Tonight we are considering the “awakening to life”, when the younger son finally came home and joined the party at the Father’s house, he was dead now he is alive!

Read John 10 v.6-10

- What do these verses actually say?
- What do you think they actually mean?
- On Sunday we looked at the difference between *bios* and *Zoe* life, try to summarise what was said and give some examples from your own life?
- “Zoe life only comes from a relationship with God”.....discuss!!!!
- Why don’t we always seem to experience this *Zoe* life even when we have come home to the father?

Look at the 3 practices mentioned Sunday for how we can centre ourselves in *Zoe* life...

We need to celebrate = gathering as church

We need to connect = in smaller groups such as life groups

We need to contribute = serving and using our gifts

- Find some scripture verses that support these ideas, why are these so important and how are you doing with each of these?
- In what ways could you take a step forward in one of these areas?

Finish by praying for each other and for the life of God to flow through you

Then pray for others who don’t yet know God, it’s now our great privilege to help them find their way back to God!!

Pray for the 2 Alpha courses running in Halesowen and Hagley
