

**“Walk in their shoes - Bare feet”**

**Welcome**

- Everyone has some kind of feeling about feet. What’s yours? Would you touch someone else’s feet?
- Talk about specific times when you remember having bare feet and why you remember those times.
- If you have had someone else doing something to your feet (e.g. chiropody) how did it feel?
- Why do we feel the need to cover our feet?
- Why do we feel vulnerable maybe when our feet are uncovered?

**Word**

Read John 8:1-12 again

- What points stick out to you from this story?
- Have we ever been in the place of the Pharisees in the story (the law is on our side), the crowd (carried along by the moment maybe, picking up a stone to join in), the woman (the person made to feel vulnerable and exposed)
- How did being in these positions make you feel?
- How did Jesus deal with the Pharisees and the crowd?
- No-one would stand for this woman BUT Jesus stooped down for her and met her where she was at, in the dirt! Jesus offered her unexpected forgiveness.
- Have you ever received unexpected forgiveness? What was that like?
- This woman had a moment that changed her life – I believe she went on to live that changed life to its fullest.
- Share one of the times you truly met Jesus in a moment that was life impacting.

**Prayer**

**Easter is fast approaching; a time when people can have a life changing moment with Jesus.**

**Pray for the Easter events and for people attending.**

**Prayerfully consider who you could still ask.**
