

Now all our groups are online and virtual it will take some time to learn how to connect with each other but it is possible!

Try to have some fun these first few times, don't worry too much about things not working out well straight away, what's important is that you connect and people feel supported.

Here's just a few questions to help you this week...

How is everyone doing? Let's take it in turns to say one thing that's challenging for them at the moment and one thing that's encouraged them at the moment?

Who watched the live stream? How did you find it?

In what ways does this situation feel a little like an invasion?

Which of the points Leon brought out from the story resonated the most with you at this time?

What are you learning about how to keep your focus on God at this tough time?

Who has a specific prayer request? Maybe ask someone to pray for that request or you pray for them all as the leader.

Remind people....

- This Thursday at 6.30PM there will be a live stream prayer event for 30 minutes
- Every Sunday there will be a live stream service at 11.30am and at other times from the 29th.
- If anyone needs or knows of anyone who needs help, phone the office or use the card we have produced and someone will mobilise help for them.
