

“When singing is more than a song”

Make sure everyone is connected and has audio.

Ask everyone to share one good thing and one challenging thing about their week so far.

Sundays live stream looked at the theme “when singing is more than a song”

- Who likes singing? Who sings out loud? In the shower? The car? Any funny stories about singing?

We looked at why we sing...

- What impacted you about some of the reasons Leon mentioned?
- Are there other reasons why we sing do you think?

We can lose our song....Ask someone to read Ps. 137 v. 1-4

- Who remembers the Boney M song? Why not try singing it together on Zoom?!!!!
- What can cause us to lose our song do you think?
- How are you feeling about life and singing right now?
- What songs are helping you through this time and experience we are all in?

Leon brought out the idea - **singing is more than a song when we sing in the middle of what we are going through....**

- How have you found that to be true or difficult or maybe even both?

Read Isaiah 54 v.1-3.

- What’s powerful about these prophetic words?
- What might God want to birth in us when we go through challenging seasons?

- This is Easter week...what’s your favourite Easter song and why?

Finish by praying with and for each other....

Remind everyone to tune in for our Good Friday worship and communion and service and for our Easter Sunday live stream services.
