

Bigger than our crisis - Week 5

Welcome - Check in with everyone, what was your high point and low point of this last week?

Word - This week we looked at Bigger than our Crisis!

Not only is God bigger than a crisis but there's *something* bigger and that's what God wants to do in us!

- What are some of your key learnings and discoveries during this crisis?

Read James 1 v 2-4.

- What do these verses say?
- What did they mean to the first listeners do you think?
- What do they mean to us now as we navigate this season?

Use the 4 questions Leon brought Sunday to open up discussion....

#1 - What does the pressure I feel right now need to break in me?

#2 - How is this situation trying to push me out of a comfort zone?

#3 - What do I now see that I can contribute to the world?

#4 - How can we use this situation to reach more people for the glory of God?

- Which ones speak to you the most right now?
- What will you do about it?

- How do you think the church might change through this crisis?
- What might God want to do in and through us as a church?

Finish by praying for the church, for the elders and staff, for all the people....
