

Genius CG notes - 'Jesus, myth, man, genius or more?'

Getting started

What's your favourite kind of genius? Who inspires you by their genius? If you could be a genius at something what would it be?

Getting stuck in

We are looking at Jesus as a genius. Read Luke 2 v. 41-52

Here we see Jesus as a 12 year old....

- What strikes you from this story?
- In what ways did Jesus evidence his 'genius' even as a 12 year old?
- What were your earliest ideas about who Jesus was?
- What are some of the common views people have about Jesus?
- What impacts you from the life of Jesus?

We are considering 3 aspects of the humanity of Jesus....

- His strength - how did Jesus evidence strength in his life?
- His sensitivity - where do we see Jesus evidencing sensitivity?
- His simplicity - why is this so elusive, so difficult and yet so powerful?
- In what ways has the genius of Jesus touched your life?
- In what ways do you need Jesus to touch your life right now?
- In what ways would you love to see Jesus touch other peoples lives?
