

## International Sunday connect group notes

### Getting started

What's a country in the world you'd love to go to and why?

### Getting stuck in

Sunday was international Sunday.

What was your highlight from that service?

We looked at what makes us great....

Read Ephesians 4 v.1-6.

Work through each phrase and idea.

- What sticks out to you?
- In what ways is this such a counter cultural view of greatness?
- When it comes to being a multi-cultural community of people what are some of the challenges and barriers do you think?

Have a chat through the 4 words Leon suggested we need to embrace....

**Listen - Learn - Lament - Live**

- Which of these do you find the hardest and why?
- What have been your experiences with any of these?
- What steps can we all take to grow in these areas?

### Getting personal

Pray for one another that we would each take personal responsibility for building community

Pray for those trying to find a home in our church especially those from other cultures
