

## **Ever wonder why do we doubt God?**

### **Getting started**

Share your favourite easter moment this year whether it was personal, family, church or other...

### **Getting stuck in**

This week we are considering the question of doubt.

Maybe as you listened to someone share their easter moment you had thoughts of 'I wonder if it was that good?!' After all you weren't there, you didn't see it, you didn't experience it...

That's exactly the situation with the guy we are looking at this week...

Read John 20 v.24 - 29

- Try to get under the skin and mind of Thomas, what strikes you from this story?
- Why is doubt such a big issue for all of us at times?
- From your experience, what are some of the things that can cause us to doubt God?
- If doubt can be a door to greater faith what should we do with our doubts?
- What did Thomas do and how did Jesus meet him?
- How should we help others around us who may be having doubts about God?

### **Getting personal**

- Share times when you've doubted, what happened, what did you do, what did God do?
- Maybe someone is struggling with doubts at the moment?
- How can the group help that person run with those doubts and find the right doorway so their faith can be strengthened?

Spend some time praying for each other...

Spend some time praying for those who came over easter who are new to faith and church maybe many of them with doubts about God...pray the risen Jesus will meet them and meet us as he met Thomas.
